

Nature's Scrub

Bowl & Bathroom Cleaner and Odour Neutraliser

5 Litres	- N175
20 Litres	- N176
200 Litres	- N178

DESCRIPTION:

Nature's Scrub is a super concentrated bio-enzymatic, multi-strain cleaner and deodoriser for bathrooms. It is formulated in a neutral pH base to dissolve body oils, soap scum and uric acid deposits. It is an outstanding, long lasting odour control.

DIRECTIONS:

Toilet bowls and urinals:

Apply liberally under rim and on uric acid deposits. Stand for as long as possible. Agitate with a bowl brush or mop and flush away.

Toilet bowl maintenance:

To prevent mineral stains, pour 250mL into toilet tank and allow to stand overnight. Flush twice in the morning. Repeat weekly.

General bathroom cleaning:

Spray unto sink, tub, shower and walls. Spread with cloth or brush and allow to work for a few minutes. Agitate and rinse with clear water.

Deodorisation:

Dilute up to 10 parts. Spray.

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance:	Light Blue
Odour:	Significant Odour
Specific Gravity:	1.00
pH:	7.5 +/- 0.5

FIRST AID MEASURES:

Ingestion:

Immediately rinse mouth with water. If swallowed do not induce vomiting. Give water to drink. Never give anything by mouth to an unconscious person. Seek immediate medical attention.

Eye Contact:

Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. Transport to the nearest medical facility for additional treatment. Do not rub eyes or keep eyes closed.

Skin Contact:

Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available.

Inhalation:

Remove the affected person out to a ventilated area. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
